

Debbie Frost has a BS and MA in Agriculture Extension Education from New Mexico State University. After graduating from college, she honed her gardening skills in Lea County, New Mexico as the County Extension Horticulture Agent for 9 years, and then as the Horticulture Agent for a total of 30 years.

Debbie held the first training for the Permian Basin Master Gardeners in 1992 with an initial class of 12 students. Since then the organization has grown with many graduates, projects and activities over the years.

Even though she retired in May 2011, Debbie remains active in the landscape profession.
